

# LINK group Homework

Week of February 26, 2017

Stay True

I Peter 4:12-19

## MY STORY

1. What is your worst "getting lost" story?
2. What are your first "official" getting ready for spring chores?
3. What's your favorite (at least right now) ice cream flavor?

**QUICK REVIEW:** What insight, principle or observation from this week's message did you find to be most helpful, eye-opening or troubling? Explain.

## DIGGING DEEPER

1. How does testing revealing character?
2. Why does God allow suffering the life of a believer? Who are biblical examples of people who endured great suffering? What were their reactions to what they went through?

3. Suffering for doing wrong, suffering for doing right; how can we tell the difference? Pr Phil on Sunday said one of the things that suffering should do is cause us to self-examine to determine if we are the cause of suffering. If we are, what are steps we should take to correct that?
  
4. In what ways do we share in Christ's sufferings? Look up Philippians 3:7-14, what did Paul mean?
  
5. I Peter 4:19 reminds us that faith requires us to trust our souls to a faithful Creator. Read over this and jot down thoughts about what that means practically in our lives...

*No one likes to go through hard things, we have from the beginning of time sought reprieve from those things. God uses what we think is a tragedy and turns it into a triumph. This world is not all there is, it is a preparation area for eternity. Focus on what is to come, not what you are going through...*

Prayer requests:
